## Apply for six-month internship program

## "Your Growth Starts Here" in

## SAP BUSINESS INTELLIGENCE TEAM

### Location: Belgrade

**If you are interested in:**

- Working with cross-functional business users to design, develop and deploy solutions for our business intelligence environment
- Monitor daily data loads and correct any errors in a timely fashion
- Developing or modifying reports by considering end-user requirements, best-fit reporting tool, data model availability, and/or limitations
- Handle support requests related to reporting by providing sound, innovative, and practical solutions

**And you are:**

- Graduate or final year student in computer science, business administration, organizational science, engineering or related discipline with an information technology focus
- Fluent in English language (knowledge of other languages is considered a plus)
- Communicative, organized and have great interpersonal skills
- Analytical and enjoy problem solving

*We can't wait to meet you! :)*
